Here's the post. The next Custom Agents 101 session is tomorrow, Thursday, September 3 at 10:00 AM PT / 1:00 PM ET, a 15-minute no-code workshop hosted by Anya Carion (Digital Marketing, Notion), with further sessions on September 10, 17, and 30. The image carries the title, date, time, speaker, and a "Save your seat" CTA pointing to [notion.com/webinars](https://www.notion.com/webinars), and the caption file includes the post copy, hashtags, and alt text.

A couple of things worth knowing: the image uses a plain "Notion" wordmark rather than the official logo, so drop in the brand asset if you have one, and since the event is tomorrow you may want to lead with a later date (e.g. September 10) if the post won't go live today — I can swap it in seconds.

The output is clean, but more generic.

Clear hierarchy, but a blue SaaS template that feels less distinctly Notion.
